

PERFECTLY ADJUSTED TO THE USER'S NEEDS

Simple and intuitive, FSMA can easily be adjusted in height, depth and angle. It promotes correct screen to eye distance and height to allow proper posture in accordance with EU DSE Directive 90/270/EEC and ISO 9241.

50-70CM EYE-TO-SCREEN DISTANCE

Having your monitor correctly positioned encourages healthy posture and stress-free movements while also reducing the glare caused by ambient lighting. Experts recommend to keep a distance between 50 and 70cm between eye and screen.

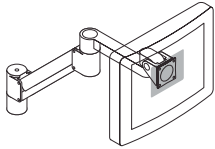

ADJUSTABILITY

FSMA offers 360° rotation at 3 separate points of articulation and a quiet, fluid motion (gas cylinder).

EASY CABLE MANAGEMENT

FSMA allows easy and practical cable management.

STATEMENT OF LINE

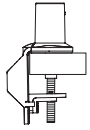

FSMA and FSMA LIGHT

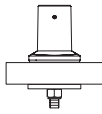

TECHNICAL INFORMATION

	FSMA D57F	FSMA LIGHT D57FL
Max Weight	4,5 / 9kg	3,4 / 6,8kg
Vertical height	Adjustment up to 406mm	
Application	Active	
Rotation	360° - portrait to landscape	
Compressed depth	76mm	
Tilt	+10/-90 degrees for easy access to cable	
Pan	180 degrees	
Functional Focal Adjustment	609mm	
Construction	Aluminum, Steel and ABS plastic	
Application	Straight and corner applications	
Warranty	2 years for the gas cylinder	

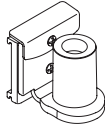

MOUNTING OPTIONS

C-clamp

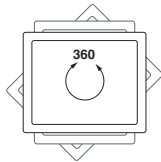

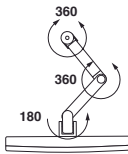

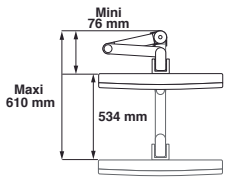

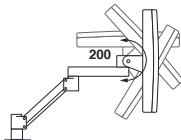

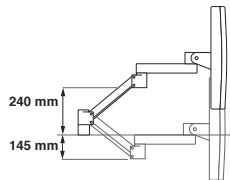

Through Mount

Slatwall fixing

ADJUSTMENTS

SURFACE MATERIALS

■ Aluminium

SUSTAINABILITY

Designed by Steelcase, FSMA is manufactured in the USA for the EMEA (Europe, Middle East and Africa) market. Sustainability actions and results are annually communicated in the annual Steelcase Corporate Responsibility report.
