FrameOne The beauty of design

If, like us, you're a person who values the finer things in life, take a closer look at FrameOne. It's a desk designed from the ground up to be just as **beautiful** as it is **functional and beneficial to your workday**.

As well as **performing brilliantly no matter what you ask of it**, FrameOne is a workstation that stands out in a crowd and **makes a powerful statement about who you are**. In a corporate world overpopulated with faceless flatpacks that all look alike, its fusion of day-to-day practicality and timeless elegance is **welcome in any workplace**.

Clean, simple lines and neat design touches – like the eye-catching triangular metal legs and frame that hide power and connectivity cables – will make you proud to own it, as well as **eliminating the clutter that gets in the way of your work**.

As individual as you are

With its stylish designer looks, and a wide range of shapes, sizes and finishes to choose from, FrameOne is a workstation that's as **individual as you are**. It's also **easy to configure**, with an adjustment crank that allows you to set the height from H620 to H900mm – whatever's most **comfortable and productive** for you. FrameOne has an **elegant aesthetic with clean, simple lines and neat design touches** – like the eye-catching triangular metal legs.

Build a team office

FrameOne's clean, simple shape makes it easy to **build a larger work surface** from several units, like a team bench in an open-plan space. As their needs change throughout the day, your team will be glad of **privacy screens, tidy trays and plug-and-play connectors** that allow them to hook up to power, data and computer equipment at will.

Managers

Use FrameOne's stylish simplicity Meetings to **create a refined mood** that's just right for a manager's office.

FrameOne table with Leap chair and Slide storage.

Meetings

A large tabletop with integrated data and power ports provides all the **space and functionality** your team could ever need for **meetings in contemporary comfort**.

Cut Out and Orga-Rail

Organisation accessories for Orga-Rail

Printer extension

CPU holder

Beautifully organised

FrameOne gives you **the power to organise your desk space** with elegance as well as efficiency. It keeps your stuff organised and out of the way with useful accessories such as the **CPU holder**, **desktop extension** (useful for supporting a printer) and **tidy rail** for pens and other essential items. Plus it's packed with smart ideas like the **height adjuster crank** and cable management features like the **cable tray** and **cable spine**.

Height adjustable from H620... to H900mm

The triangle determines the shape. The legs are continuously height adjustable from H680 to H760mm. Alternatively, they can be adjusted with the help of a telescopic system or a crank system over a desktop height ranging from H620 to H900mm. FrameOne is always at the right height for you.

The system

The strength of FrameOne lies in the system. Cable management in and around FrameOne is almost as invisible as the power supply – it uses a folding cable tray and cable riser with an extension or cable supports.

Environmental performance

Since 1912, Steelcase has been committed to continually reducing the environmental impacts of its products and activities on a global scale, by constantly seeking more effective ways to conserve resources, prevent pollution and nurture environmental consciousness in its people every day.

C4456

Life cycle FrameOne

End of life

FrameOne is **99%** recyclable by weight.

Plastic parts weighing more than 50g are clearly labelled for recycling.

EPP edge protections are returned and directly reused or repaired if broken.

Use

To maximise its working life, FrameOne is modular and easy to upgrade.

Transport

Flat packaging help us keep our transport volumes as low as possible and improve filling rates.

Materials

FrameOne is made from **23%** recycled material, contains no hazardous materials (no Chrome, no Mercury and no Lead) and no problematic materials (no PVC).

The packaging consists of cardboard, Expanded PE and LDPE film (Low Density Polyethylene), all containing 30% recycled material.

Paper and packaging use water based inks without solvent.

Production

Powder-coat painting is VOCfree and free of heavy metals.

Glue used to attach edge on table is water based and releases no VOCs.

The Production site in Rosenheim (Germany) is ISO14001 and EMAS certified.

You require official certifications. We can deliver them.

PEP **Product Environmental Profile (PEP)**. Based on ISO 14021, its purpose is to communicate precise and verifiable information on environmental aspects of the product during its life cycle.

Blauer Engel. This German environmental certification is awarded to products with a low environmental impact.

PEFC. The wooden components are PEFC certified (Programme for the Endorsement of Forest Certification), ensuring that wood originates from sustainably managed forests.

E1. The particle boards comply with the "E1 standard" guaranteeing a low level of formaldehyde emissions.

You care about the end of use of your furniture.

We offer options - be it refurbishing, charitable donation or recycling.
